

# International Students Support Group

**Fridays 10:30a to 11:30a**

The outbreak of Novel Coronavirus has significantly impacted many families and students on a global scale. With the travel ban or visa restriction that has been issued, some MSU students were unable to return to school or home, feeling isolated and unable to connect. With instances where international students being the target of xenophobia on campus, we would like to provide a supportive space for students to connect, share and support each other, particularly international students.
