International Students Support Group

Fridays 10:30a to 11:30a

The outbreak of Coronavirus has significantly impacted many families and students on a global scale. With the travel ban and visa restriction that has been issued, some MSU students were unable to return to school or home, feeling anxious or uncertain about their future, isolated and unable to connect. With instances where international students being the target of xenophobia on campus, we would like to provide a supportive space for International students to connect, share and support each other.

Group Facilitator: Zen Zhong, M.Phil.Ed, LLPC

Counseling & Psychiatric Services (CAPS)
